

New Vista Notice 9/18/2023

I would like to take this opportunity to introduce myself as the administrator of New Vista Nursing & Rehabilitation Center. I am honored to be the Administrator of such an amazing, caring, and loving program!

Currently, we have 3 residents with COVID-19, and 0 staff members who are out of work on quarantine for COVID-19.

We are continuing to test and monitor staff and resident for Covid-19.

While it is safer for visitors not to enter the facility during an outbreak investigation, visitors are allowed in the facility. Please review visitation policy below.

Please reach out to the facility with any inquires regarding visitation by calling Miriam Acevedo at our Social Service department 973-484-4222 x223

If you have any further questions – Please reach out to myself, Shenella Meyer (Director of Nursing), or Wanda Tunguz-Zawislak (Infection Control Nurse).

Josh Aron L.N.H.A.

COVID-19 Visitation Policy and Procedure -

TITLE: COVID-19 Visitation

EFFECTIVE DATE: 11/12/2021

PURPOSE:

To provide residents with the ability to visit with loved ones in a safe manner during an epidemic.

POLICY:

- 1. Visitation is now allowed for all residents at all times.**
2. Visitors who have a positive viral test for COVID-19, symptoms of COVID-19, or currently meet the criteria for quarantine will be denied entry to the facility
3. New Vista Center strongly encourages all visitors to become vaccinated for the safety of our Residents and Staff.
4. All visitors will be offered to take a COVID-19 test at the facility when they arrive.
5. Upon arriving at the facility the visitor should use alcohol-based hand rub. All visitors will be checked for a fever, screened for signs & symptoms of COVID-19, logged, & informed of all the information regarding the visit and asked to sign an informed consent form.
6. Upon the completion of being screened and approved to visit the visitor should go directly to the resident's room or designated visitation area.
7. Visits should be conducted in a manner that adheres to the core principles of COVID-19 infection prevention and does not increase risk to other residents.
